NOTICE

This is to inform all those who graduated from Mahatma Gandhi Government College, Mayabunder, or have been associated with the college or contributed to it in different capacities, that the college is in the process of formally constituting an **Alumni Committee**. The purpose of this committee shall not only be to maintain a database, but also to create a strong and thriving community that ultimately fosters collaboration among various stakeholders and enhances employability for the present and future students.

In order to initiate this process, we need to create an alumni database for the college. For the same, it is requested that all fill out the Google Form (<https://forms.gle/jKXSJTxA48GumN5V6>) and complete the registration process.

Once the data is compiled, the college will host an Inaugural Alumni Meeting to formally elect and constitute the executive committee members.

Your participation and cooperation are crucial to building this alumni network. It will be of great help if this notice is circulated among your batchmates and class groups, or anyone you know who has graduated from this college.

For any queries, you may contact Dr. Azhar Uddin Sahaji, Assistant Professor of English and the present convenor of the Alumni Committee, at info.azharsahaji@gmail.com.
